

## Circular 5/2019

7 March 2019

**To:** Presidents, CIRs and Secretaries of all National Federations & Associations  
**From:** GWI Board of Officers  
**Subject:** Call for Bids for the 2022 GWI Triennial Conference

---

The GWI Board would like to know which national federations or associations are seriously considering putting together a bid to host the GWI Conference in 2022. Annex 1 below gives more information about the bidding process and general considerations for hosting a GWI Conference.

Expressions of interest should be sent to the GWI Office at [info@graduatewomen.org](mailto:info@graduatewomen.org). The decision will be made by the incoming Board when developing their strategic plan for the triennium.

An [official bid form](#) (see Annex 2 below) should be completed and sent it to GWI Headquarters, including as much supporting information as possible, by 31 May 2019 by e-mail to [info@graduatewomen.org](mailto:info@graduatewomen.org).

Hosting a GWI Conference can be a very worthwhile and invigorating experience for a national federation of association – but it is one which cannot be undertaken lightly without knowing the magnitude of the task or having sufficient members willing to volunteer their expertise and time.

We look forward to hearing from interested NFAs.
