

The Spanish Speaking Cultural Bridge April 7th 2021

In a Zoom Meeting the presidents of The National Federations of Bolivia (BFUW), Paraguay (PFGW), Spain (SFUW) and the CIR of Panama (PFUW) agree to establish this cultural forum, where any spanish-speaking federation is welcome under request.

The idea was set forth by the SFUW as part of the twinning program of GWI (Membership MarketPlace). It consists of fostering inclusion and sorority among members, in this way granting a greater importance to the fact of having a common language and common roots on both sides of the Atlantic Ocean. Thus this free and virtual (zoom) platform, will promote friendship among members who will share knowledge, skills and all their experience.

Goals:

- **Cultural enrichment**

The associations involved in this project agree to coordinate activities in order to deal with topics such as seminars, lectures etc...that would bring about an increase in culture and knowledge among members.

- **Social action**

Social events and programs organised to create awareness of current problems and to help find answers to them.

- **Organizational improvement**

To learn different ways to do things, to organise, to interact with the other members of the organization and at the same time to share all our experience. Specially that which has to do with intergenerational cooperation.

Project Management:

Every post is voluntary and once accepted, it will be considered compulsory for one year.

- **Board**

The Presidents of each federation will be the members of the board. Only exceptionally can they delegate their responsibility. Their purpose is to approve any activity of the cultural bridge.

○ **Executive committee**

It will be formed by a representative of each country. Its

purpose is:

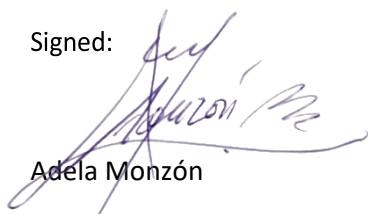

- Communication with GWI
- To be in contact with FLAM
- To Create and update the members list
- To receive the different propositions of activities, order them, promote and make them known to the members and public in general
(Very important: the organization of each event corresponds to the Group, person or association that proposes it.)
- To maintain good communication with the twinning association, so as to keep all members of the different countries interested and willing to participate actively
- To publish projects and activities in the media
- To create plans to attract young women

The Cultural Bridge is constituted for one year, implicitly extendable for equal periods of time.

All fees payments to GWI and NFAs of the federations, associations and independent members must be up to date.

Meetings will take place on the second Tuesday of every other month.

Signed:

Adela Monzón

Bolivia President

Malvina Segovia

Paraguay President

Jazmeira Cabrera

Panama President

Eloísa Sánchez-Amillategui

Spain President

April 30th 2021
