34th Triennial  
General Assembly and Conference  
(to be held virtually)

11 November - 13 November 2022

**Circular 20/2022**  
**26 October 2022**

**To: National Federations and Associations (NFAs) Presidents and CIRs**  
**From: Graduate Women International (GWI) Resolutions Committee**  
**Subject: 2022 Proposed Policy Resolutions – Final Texts**

---

Policy resolutions approved by the GWI General Assembly add a critical dimension to the purpose, international advocacy and mission of GWI. They are at the core of GWI and give direction to NFAs and the GWI leadership. They also provide focal points for NFA and GWI Headquarters advocacy strategies with their respective governments and provide the framework for the representatives at the United Nations campuses.

We thank those NFAs who proposed and seconded policy resolutions. Ten policy resolutions will be presented at the General Assembly by the proposing NFAs and then voted upon.

**[A compilation of the final version of the 10 resolutions can be accessed here.](#)**

**As per Circular 14 distributed on 12 September 2022, the opportunity to discuss the proposed policy resolutions, ask questions and suggest amendments was open until 10 October 2022. Comments were gratefully received and shared. There was no request for additional meetings.**
